THE BEAUTIFUL CHAOS

A SHOW CONCEPTUALIZED AND CURATED BY
PURVA DAMANI

CONCEPT NOTE

Transitions could be Chaotic.

The world seems to be in midst of a dimensional shift this year on various accounts, may it be the inevitable pandemic and natural disasters or the political upheavals and human-right movements, all occurring at the same time to result in an unprecedented change in our lifestyle, mindset and approach both socially and economically.

It boils down to how we perceive such times, as to whether we succumb to these temporary pains and sufferings or we see through the phase with utmost grace and right mannerism envisioning the beauty in emotion and compassion, the beauty in faith and assurance, the beauty in hope, in a smile and the beauty in birth and regeneration that follows every destruction. It accords us with the opportunity to dig a bit deeper to visualize the various fragments of Beauty that is interspersed within and amongst such Chaos.

This art show resonates with the shift in our perspective in the present times through a melange of work produced by some phenomenally talented artists that are exhibited across the spaces in this gallery to exude The Beautiful Chaos.
